Clemson University

MA Economics
North Carolina State University

BS Finance
Southwestern University of
Finance and Economics

Dr. Chen Wang specializes in industrial organization, econometrics and transfer pricing. He has conducted quantitative analyses and managed client engagements in several intellectual property and other commercial litigation matters. Prior to joining Competition Dynamics in 2023, Dr. Wang was a transfer pricing economist at PricewaterhouseCoopers, LLP for four years and participated and managed a wide range of transfer pricing projects for various multinational corporations.

Dr. Wang's expert support work at Competition Dynamics involves various sections including telecommunication, pharmaceutical and online streaming.

Dr. Wang received his PhD in economics, with a focus on industrial organization, from Clemson University in 2019. Dr. Wang's dissertation focused on firms' choices on product quality and variety under competition and the impact of market demand. Dr Wang also had extensive teach experience at Clemson University, he taught undergraduate level Principles of Microeconomics and Principles of Macroeconomics from 2015 to 2019. Dr. Wang also received an MA in economics from North Carolina States University.
